EXECUTIVE SUMMARY

A total of 845 students graduated from The University of Tulsa between August 2014 and May 2015. The Office of Career Services acquired first-destination career outcomes for 821 (97%) of the students. Our knowledge indicated that 522 (64%) of the students had accepted employment, 201 (25%) were continuing their education, 53 (6%) were still seeking employment and 45 (5%) would be taking time off and would not be continuing education or seeking employment.

2014 - 2015 Total Graduate Career Outcomes (n = 810)

Of the 776 students who were seeking employment or continuing education, 7% were still seeking employment six months after graduation, resulting in a 93% career outcome rate for 2014 - 2015.

Of the 575 students who were seeking employment, 91% were employed and 9% were still seeking employment six months after graduation. This compares to the 2013 - 2014 report which indicated 93% were employed and 7% were still seeking employment six months after graduation.
EXECUTIVE SUMMARY, CONTINUED

The University of Tulsa has maintained steady relationships with major companies both locally and nationally. A total of 199 companies participated in the 2014 - 2015 recruiting process by interviewing on-campus and/or attending at least one of five job fairs hosted by Career Services.

REPORT FOR GRADUATES BETWEEN
AUGUST 2014 AND MAY 2015

2014 – 2015 First Destination Survey
Henry Kendall College of Arts & Sciences (2014 - 2015) Executive Summary

A total of 186 students graduated from the Henry Kendall College of Arts & Sciences between August 2014 and May 2015. The Office of Career Services acquired first - destination career outcomes for 96% of the students. Our knowledge indicated that 115 (64%) of graduates had accepted employment, 47 (26%) were continuing their education, 14 (8%) would not be continuing education, taking time off or seeking employment, and 3 (2%) were still seeking employment six months after graduation.

Overall Graduate Activity (n = 179)

Of the 165 students who were seeking employment or continuing education, 2% were still seeking employment six months after graduation, resulting in a 98% career outcome rate for 2014 - 2015. Of those seeking employment, 97% were employed and 3% were still seeking employment six months after graduation. This compares to the 2013 - 2014 report which indicated 91% were employed and 9% were still seeking six months after graduation.

Career Outcome Rate (n = 165)

Accepted or Seeking Employment (n=118)

A total of 96 companies recruited on - campus for Arts & Sciences majors in the 2014 - 2015 reporting year by conducting on - campus interviews and/or attending at least one of five job fairs hosted by Career Services. Fifteen (15) companies conducted on-campus interviews and 86 companies hired Henry Kendall College of Arts and Sciences graduates.

Collins College of Business

REPORT FOR GRADUATES BETWEEN
AUGUST 2014 AND MAY 2015

2014 – 2015 First Destination Survey
A total of 247 students graduated from the Collins College of Business between August 2014 and May 2015. The Office of Career Services acquired first-destination career outcomes for 96% of the students. Our knowledge indicated that 164 (69%) of graduates had accepted employment, 42 (18%) were continuing their education, 10 (4%) would be taking time off, would not be continuing education or seeking employment, and 21 (9%) were still seeking employment six months after graduation.

Of the 185 students who were seeking employment or continuing education, 11% were still seeking employment six months after graduation, resulting in an 89% career outcome rate for 2014 - 2015. Of those seeking employment, 89% were employed and 11% were still seeking employment six months after graduation. This compares to the 2013 - 2014 report which indicated 95% were employed and 5% were still seeking six months after graduation.

A total of 161 companies recruited on-campus for Business majors in the 2014 - 2015 reporting year by conducting on-campus interviews and/or attending at least one of five job fairs hosted by Career Services. Fifty-seven (57) companies conducted on-campus interviews and 122 companies hired Collins College of Business graduates.

REPORT FOR GRADUATES BETWEEN
AUGUST 2013 AND MAY 2014

2013 – 2014 Post Graduate Survey
College of Engineering & Natural Sciences (2014 - 2015) Executive Summary

A total of 333 students graduated from the College of Engineering & Natural Sciences between August 2014 and May 2015. The Office of Career Services acquired first-destination career outcomes for 325 (98%) of the students. Our knowledge indicated that 200 (61%) of students had accepted employment, 80 (25%) were continuing their education, 28 (9%) were still seeking employment six months after graduation, and 17 (5%) would be taking time off and would not be continuing education or seeking employment.

Overall Graduate Activity (n = 325)

Of the 308 students who were seeking employment or continuing education, 9% were still seeking employment six months after graduation, resulting in a 91% career outcome rate for 2014 - 2015. Of those seeking employment, 88% were employed and 12% were still seeking employment six months after graduation. This compares to the 2013 - 2014 report which indicated 94% were employed and 6% were still seeking six months after graduation.

Career Outcome Rate (n = 308)

Accepted or Seeking Employment (n=228)

A total of 129 companies recruited on-campus for Engineering & Natural Science majors in the 2014 - 2015 reporting year by conducting on-campus interviews and/or attending at least one of five job fairs hosted by Career Services. Fifty-one (51) companies conducted on-campus interviews and 123 companies hired the College of Engineering & Natural Sciences graduates.
