Today's employers are looking for globally competent employees, who can understand different cultures and perspectives and are able to function in a fast changing world. Many of these abilities are developed during a study abroad experience. EVERYONE, no matter race, gender, sexual orientation, level of income, and so on, should be able to have this life changing experience!

There are many scholarships available to help multicultural students go abroad. Look at the websites listed below and don't hesitate to ask for CGE help to apply!!!

**Diversityabroad.com** ([http://www.diversityabroad.com/](http://www.diversityabroad.com/))
Search for a large number of scholarships on their Study Abroad Scholarship Directory.

**Benjamin A. Gilman International Scholarship Program** ([http://www.iie.org/Gilman/](http://www.iie.org/Gilman/))
This scholarship provides awards for U.S. undergraduate students who are receiving Federal Pell Grant funding at a two-year or four-year college or university to participate in study abroad programs worldwide.

**The Fund for Education Abroad (FEA)** ([http://www.fundforeducationabroad.com/applicants/](http://www.fundforeducationabroad.com/applicants/))
Scholarships will be up to $5,000 per semester and are not limited to specific programs, destinations, or fields of study. FEA will award funds for students planning to study abroad on academically rigorous programs with a preference for underrepresented students.

**AGI Minority Geosciences Student Scholarships** ([http://www.agiweb.org/mpp/index.html](http://www.agiweb.org/mpp/index.html))
The broad goal for this scholarship is to maintain and increase incrementally the number of underrepresented ethnic-minority students in the geosciences.

This scholarship program provides awards of up to $5,000 to outstanding minority students to encourage their selection of accounting as a major and their ultimate entry into the profession.

APS offers Scholarship for Minority Undergraduate Physics Majors.

In an effort to increase dramatically the representation of African Americans, American Indians and Latinos in the critical field of engineering, NACME has this new scholarship program.
