Message from the Interim Director of Campus Security Julie Friedel: Service, Professionalism, Accountability

Thank you for your interest in the University of Tulsa’s 2021 Annual Crime and Fire Safety Report. Our report provides information on the current and longer-term view of the safe and secure environment on the University of Tulsa campus. We are very proud to share our report on all that we are doing to create a culture of safety and community at the University.

The University of Tulsa offers comprehensive security and safety programs for our growing university community. Services are delivered through many resources, which include but are not limited to: Police and Security Patrol, Parking, Emergency Medical Services (EMS), Emergency Management, Student Affairs, Student Success, the Office of Compliance (including Title IX), Student Health and Wellness, and Human Resources. We are focused on crime prevention, emergency preparedness, and physical security throughout campus. The University continues to review our safety-related features (lighting, safety applications, video cameras, building entry systems, and data systems), with upgrades planned on our campus. In 2020 we added the use SafeZone Application where anyone on campus with TU credentials can report crimes anonymously, request services, and opt into data collection to help us keep our campus safe.

The University also provides ongoing prevention and awareness training for staff and students on campus safety related programs, from active shooter to crime prevention as outlined in this report. These include “Bringing in the Bystander”, victim support and crime reporting methods, including via anonymous tips. We also identify and provide training to our Campus Security Authorities (CSA) on their mandated reporting responsibilities. This will be outlined throughout our Annual Crime and Fire Safety Report. We often use the motto, “Safer Together” This is because our effectiveness in maintaining a safe campus environment depends on each of us. Participating in the programs we offer will collectively contribute toward a safer campus community here at the University of Tulsa.

This is a cooperative, team effort through the many departments here at the University. We hope that you will join us in making TU a safe and welcoming environment.

Julie Friedel, Interim Director of Campus Security
This report was prepared by The University of Tulsa Department of Campus Security and Office of Compliance to comply with the Clery Act (formerly known as the Federal Student Right-to-Know and Campus Security Act of 1990). The report describes security and fire safety practices and procedures at The University of Tulsa as well as lists crime and fire statistics for the most recent calendar year and the two preceding calendar years. The University of Tulsa is required to report each year on the status of campus security to all current students and employees as well as prospective students and employees.

In preparing the Annual Crime & Fire Safety Report, the Office of Compliance collaborates with multiple resources, including TU’s Department of Campus Security and Office of Student Affairs, Title IX, designated Campus Security Authorities, and the Tulsa Police Department. Physical copies of the Annual Security Report will be made available upon request. To request a physical copy, please contact the Clery Compliance Officer at 918-631-2324 or clery@utulsa.edu. Once data has been reviewed for accuracy, the University distributes a notice of the availability of this Annual Crime and Fire Safety Report by the federal deadline of each year to every member of the University community before October 1. You may review information from this report on The University of Tulsa Department of Campus Security website. https://www.utulsa.edu/security.

About TU
The University of Tulsa is a 200-acre community located two miles east of downtown Tulsa, a metropolitan city with a population of about 950,000. As an integral part of the community, the university shares many of the same interests and concerns of Tulsa citizens, including safety and crime. To prevent criminal incidents, The University of Tulsa Department of Campus Security works with other university departments, as well as outside law enforcement agencies, to ensure that members of the campus community and their possessions are well protected at all times. Ultimately, each member of the community is responsible for their safety. The University of Tulsa Department of Campus Security is committed to providing our campus community with the highest level of professionalism.

The Department of Campus Security
The Department of Campus Security is located at 3115 East 8th Street. The department also utilizes off-duty Tulsa Police Officers to help provide security for large special and athletic events on campus.

TU has a memorandum of understanding (MOU) with the Tulsa Police Department that establishes collaboration on reports of sexual assault, domestic violence, dating violence, and stalking victims, including off-campus incidents that involve members of the TU community where Tulsa Police provides the law enforcement capabilities on campus. Campus Security communicates and cooperates with all other federal and state law enforcement agencies to ensure awareness of incidents that may occur on or off campus. Officers patrol and maintain a security presence at three separate campuses and several non-campus buildings and properties that are owned or controlled by The University of Tulsa, these include:

EMERGENCY NOTIFICATIONS, TIMELY WARNINGS, AND SAFETY NOTIFICATIONS

Emergency Notifications
The Department of Campus Security will immediately notify the campus community after receiving confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on campus. Without delay, and taking into account the safety of the community, TU will determine the content of the notification and initiate the Emergency Notification System; unless issuing a notification will, in the professional judgment of the Campus Security Director, Captains and on-duty Supervisors, compromise efforts to assist a victim, contain the emergency, respond to or otherwise mitigate the emergency.

The Department of Campus Security will gather and analyze reported facts, when appropriate, to verify that a legitimate emergency or dangerous situation exists. Emergencies include, but are not limited to, severe weather, active shooters, and fires.

Timely Warnings
Timely warnings are addressed for the following Clery Act crime classifications: arson, burglary, aggravated assault, murder, non-negligent manslaughter, manslaughter by negligence, motor vehicle theft, robbery, and sex offenses. Timely warnings also may be issued for other crimes as deemed necessary. Upon receipt of all relevant information, such warnings will, as circumstances warrant, be issued in a manner to best protect the campus community.

TU has communicated with Tulsa Police to request their cooperation in informing the institution about crimes and situations reported to them that may warrant timely warnings or an emergency response.

Procedure
The University of Tulsa is responsible for issuing timely warnings in compliance with the Clery Act (formerly known as the Federal Student Right-to-Know and Campus Security Act of 1990).

The decision to issue a timely warning shall be decided on a case-by-case basis, in compliance with the act, and by considering all available facts. The timing of the notification shall, in the first instance, be based upon whether the crime is considered a serious or continuing threat to students or employees and the possible risk of compromising law enforcement efforts.

In the event a situation arises that requires issuance of a warning, these warnings are provided to keep the campus community informed about safety and security matters on an ongoing basis and/or in an effort to prevent similar crimes from occurring.

When a determination has been made that a timely warning or emergency notification is appropriate, Campus Security will take action to ensure timely notification of the campus community including immediately contacting the Director of Marketing and Communication to arrange for media distribution. Options for notifying students, faculty and staff include TU’s emergency notification system.

Such warning(s) may include, but are not limited to, the following: type of crime, date, time and location of the crime as well as available suspect information.

Emergency notifications are given to the entire campus community due to the campus size, the frequency of community members’ movement within the campus, and the goal of keeping the entire community aware of significant emergencies.

In some situations, TU may alert the greater Tulsa community through radio, local news media, and other platforms. Any police supervisor may authorize an Emergency Notification.

The Department of Environmental Health and Safety is responsible for developing, coordinating and assessing building emergency plans designed to be an all-hazards disaster response and emergency management plan.

The building emergency plans provide emergency contacts and procedures specific to each building and will be updated as changes occur by the Associate Vice President for Risk Management and distributed in appropriate locations throughout the building by the Building Contact person.

A copy of the building emergency plan can be requested from Matt Polson at matt-polson@utulsa.edu
The University of Tulsa has an emergency notification system that allows it to communicate with students, faculty and staff in a matter of minutes by telephone, email and text messaging. Campus Security believes continuous and rapid notification is one of the best methods of protection for members of the campus community. Situations can change rapidly and in unexpected ways. The ability to communicate up-to-date information is very important and helps prevent panic fueled by rumors and misinformation.

The success of TU’s emergency notification system depends upon accurate and current contact information supplied and updated by students, faculty and staff. Any contact information provided for the purpose of the emergency notification system is securely stored and used only in emergency situations.

Testing Procedures
In order to ensure that the emergency response and evacuation procedures are effective, TU works with academic, administrative, and external entities to organize annual testing exercises. These exercises will be conducted at least annually and may be announced or unannounced. TU may announce the exercise to the campus community via email and on student and faculty websites.

Following each testing exercise, TU will document the date and time that the exercise took place, a description of the exercise, and whether the exercise was announced or unannounced. TU will release emergency response and evacuation procedures to the Tulsa community that coincide with at least one test per calendar year.

This Policy and its related procedures set forth the exclusive process for determining that conduct described in a Formal Complaint constitutes Prohibited Conduct under this Policy. However, a Formal Complaint may implicate conduct governed by other University policies and regulations and conduct not specifically prohibited by this Policy may nevertheless constitute violations of other University policies and regulations. Similarly, conduct contained in a Formal Complaint that is dismissed under this Policy may implicate other University policies and regulations. The University
retains discretion to utilize other applicable policies and regulations, as appropriate.

C. TIME LIMIT ON REPORTING

There is no time limit on reporting violations of this Policy, although the University’s ability to respond fully may be limited with the passage of time. If the Respondent is no longer affiliated with the University (e.g., a report is made after a Student has left or graduated or an Employee no longer works for the University), the University will still provide reasonably available supportive measures, assist the Complainant in identifying external reporting options, and may take other appropriate action.

D. AMNESTY

In order to encourage Complainants and witnesses to report Prohibited Conduct, the University will not pursue disciplinary action against Students for disclosure of personal consumption of alcohol or other drugs in violation of the Code of Student Conduct where the disclosure is made in connection with a good faith report or investigation of Prohibited Conduct.

E. INITIAL ASSESSMENT

Upon receipt of a report of Prohibited Conduct, the Title IX Coordinator will contact the Complainant to conduct an initial assessment and gain a basic understanding of the nature and circumstances of the matter. The Complainant will be provided information about resources, procedural options, supportive measures, and an opportunity to discuss the University’s policies. The initial assessment will also include whether a timely warning pursuant to the Clery Act is necessary to protect the safety of the Complainant, any other individuals, or the campus community.

F. SUPPORTIVE MEASURES

The University will take and/or make available reasonable non-disciplinary, supportive measures to protect the Complainant and the Complainant’s access to University employment or educational programs and activities regardless of whether they choose to file a Formal Complaint under the applicable procedures. These measures may be both remedial (designed to address a Complainant’s safety and well-being and continued access to educational opportunities) or protective. Examples of supportive measures, which may be temporary or permanent, include counseling and emotional support, no contact and communication directives, residence modification, academic schedule modification, academic accommodations or assistance, security escorts, voluntary leave of absence, work schedule modifications, and other non-disciplinary remedies as reasonable and appropriate.

The University will provide similar supportive measures for Respondents where reasonable and appropriate under the circumstances. The Title IX Coordinator has the discretion to ensure the appropriateness of any measure.

The University will also provide reasonably available supportive measures for an Invitee, provided that such measures are within the scope of that individual’s relationship to the University.

G. INTERIM REMOVAL AND LEAVES OF ABSENCE

At any time after receiving a report of Prohibited Conduct, the University may remove a student Respondent from the University’s education programs and activities on a temporary basis if an individualized safety and risk analysis determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of Prohibited Conduct justifies removal. In the event the University imposes an interim removal, the University will offer to meet with the Respondent within twenty-four hours and provide the Respondent an opportunity to challenge the interim removal.

In the case of a Respondent who is an Employee, and in its discretion, the University may place the Respondent on administrative leave at any time after receiving a report of
Prohibited Conduct, including during the pendency of the investigation and adjudication process. For all other Respondents, the University retains broad discretion to prohibit such persons from entering onto its campus and other properties at any time, and for any reason, whether after receiving a report of Prohibited Conduct or otherwise.

Where the conduct referenced in a report of Prohibited Conduct could constitute a violation of some other applicable policy or standard, irrespective of whether it constitutes Prohibited Conduct under this Policy, the University retains full discretion to take interim measures under other applicable policies or standards.

H. FILING A FORMAL COMPLAINT
If the Complainant wishes to proceed with a resolution process, they will submit a Formal Complaint to the Title IX Coordinator. Upon receipt of a Formal Complaint, the Title IX Coordinator will be responsible for making the following determinations:

1. Whether the conduct, as described in the Formal Complaint, occurred on University property; or Off University property in a University education program or activity; and

2. Do the facts set forth by the Formal Complaint, if substantiated, constitute a violation of this Policy?

If the answer to either question is no, the Title IX Coordinator will dismiss the Formal Complaint. The Complainant will be referred to the appropriate resources and, if appropriate, the Formal Complaint will be referred to other University offices for subsequent review and assessment. If the answer to both questions is affirmative, the Title IX Coordinator has the authority to initiate an investigation and resolution of the Formal Complaint pursuant to this Policy and related procedures. In the event a Student is charged with a violation of the Code of Student Conduct that is ancillary and related to the Formal Complaint, the Title IX Coordinator may also investigate and resolve the ancillary charge.

I. CONSOLIDATION OF FORMAL COMPLAINTS
The University may consolidate Formal Complaints as to allegations of Prohibited Conduct by more than one Respondent, or by more than one Complainant against one or more Respondents, or by one party against the other party, where the allegations of Prohibited Conduct arise out of the same facts or circumstances. Where the investigation and adjudication process involve more than one Complainant or more than one Respondent, references in this policy to the singular “party,” “Complainant,” or “Respondent” include the plural, as applicable.

J. APPLICABLE PROCEDURES
To implement this Policy, the University has developed Title IX Procedures to investigate and resolve a Formal Complaint. The Title IX Procedures are located on the Title IX Office website.

K. SANCTIONS
A Student or Employee determined to have committed an act of Prohibited Conduct in violation of this Policy is subject to disciplinary action. The sanction for a finding of responsibility depends upon the nature and gravity of the misconduct, any record of prior discipline, or both. The range of possible sanction of an Employee includes but is not limited to: reprimand, probation, suspension without pay, loss of privileges or responsibilities, and termination. The range of possible sanction of a Student includes but is not limited to: reprimand, probation, education, community service, loss of privileges, suspension, or expulsion from the University.

Sanctions shall be issued in writing and include a completion date, if applicable, as well as the consequence for failing to complete any sanction by the deadline. Invitees who violate this Policy may have their relationship with the University terminated and/or their privilege of being on University premises withdrawn. The University reserves the right to take action against any individual or organization that commits a violation of another University policy.

If a Student withdraws from the University after the University has begun an investigation but prior to a finding or resolution, an entry may, in appropriate circumstances, be made on their transcript that indicates the Student has withdrawn with an investigation pending. If an Employee separates from the University after the University has begun an investigation but prior to finding or resolution, an entry may, in appropriate circumstances, be made in their personnel file that indicates that employment terminated with an investigation pending.

L. NON‐RETAILIATION
The University prohibits Retaliation as defined in this Policy.

M. VIOLATIONS OF OKLAHOMA STATE LAW
Behavior that violates this policy also may violate the laws of the local jurisdiction in which the incident occurred and subject a responding to criminal prosecution by the presiding authority. An individual can choose to make a report to external law enforcement at any time and doing so does not preclude the individual from making a report to the University. Both processes can be pursued if an individual chooses to do so. The University encourages individuals to report an incident which may be a violation of Oklahoma State Law to external law enforcement. Prompt reporting to external law enforcement is important in a criminal prosecution.

I. Application
These Title IX Procedures apply to investigations and adjudications of Formal Complaints alleging violations of the Title IX Policy.

II. Notification
Once the Title IX Coordinator receives a report of Prohibited Conduct, the Title IX Coordinator must contact the Complainant confidentially within five (5) business days of
receiving the report to discuss supportive measures and to explain the process for filing a Formal Complaint. Supportive measures include individualized services reasonably available that are non-punitive, non-disciplinary, and not unreasonably burdensome to the Respondent. The supportive measures must ensure equal educational access and safety to both of the parties. Examples of supportive measures are described in the Title IX Policy.

III. Filing a Formal Complaint
The Complainant may file a Formal Complaint with the Title IX Coordinator alleging Prohibited Conduct. To file a Formal Complaint, the Complainant must be participating in or attempting to participate in a University education program or activity.

In the event that the Complainant does not wish to file a Formal Complaint and begin the investigation process, the Title IX Coordinator may sign a Formal Complaint to begin an investigation so long as the investigation is not clearly unreasonable in light of the known circumstances. Where the Title IX Coordinator signs a Formal Complaint, the Title IX Coordinator must be free from conflicts and bias.

The Formal Complaint may be filed with the Title IX Coordinator in person, by mail, electronic mail, or by any other means that results in the Title IX Coordinator receiving the Formal Complaint. Upon receipt, the University shall send written notice of the allegations contained within the Formal Complaint to both parties. The written notice shall contain the information specified in 34 C.F.R. 106.45(b)(2)(B) and shall attach the Formal Complaint.

IV. Dismissal of Complaint
At any time after the Formal Complaint has been filed, the University may dismiss the Formal Complaint or discrete allegations therein if: (i) the Complainant informs the Title IX Coordinator in writing that the Complainant wishes to withdraw the Formal Complaint or discrete allegations contained therein; (ii) the Respondent is no longer enrolled or employed by the University; or (iii) specific circumstances prevent the University from gathering evidence sufficient to reach a determination as to the Formal Complaint or any discrete allegations contained therein.

The Title IX Coordinator shall dismiss a Formal Complaint or discrete allegations therein if the conduct alleged would not meet the definition of Prohibited Conduct even if proven, or if the conduct alleged did not occur within University’s jurisdiction as defined in the Title IX Policy (i.e., the alleged misconduct occurred off campus and outside the University’s education programs and activities or the alleged conduct happened outside the United States). However, the Title IX Coordinator may refer the allegations to another office for subsequent review as appropriate under applicable University policy.

The Title IX Coordinator shall provide the parties with written notice and the reasons for such dismissal within five (5) business days of the dismissal. Such written notice shall advise the parties of their right to appeal as further stated herein.

V. Investigation
Unless a Formal Complaint is dismissed, the University shall investigate the allegations contained in the Formal Complaint. During the investigation, the Title IX Coordinator or designee shall have the sole burden of gathering evidence. The parties are not required to submit evidence but are strongly encouraged to do so to facilitate in the investigation. Evidence of a party’s medical, psychological, or similar confidential records shall not be used as evidence unless the Title IX Coordinator or designee obtains the relevant party’s voluntary, written consent.

If, in the course of an investigation, the University decides to investigate allegations about the Complainant or Respondent that were not included in the notice provided under Section 3 of these Procedures, the University must provide notice of the additional allegations to the parties whose identities are known.

The Title IX Coordinator or designee shall send written notice of any investigative interviews or meetings no later than ten (10) days prior to such interview or meeting. At least ten (10) days prior to finalizing the written investigation report, the Title IX Coordinator or designee shall send any evidence directly related to the allegations to the parties and their respective advisors, and the parties shall have ten (10) days to inspect, review, and respond to the evidence presented. Each party shall receive a copy of any other party’s response to the draft investigation report. The Title IX Coordinator or designee shall consider the parties’ responses prior to finalizing the written investigation report.

At the conclusion of the investigation, the Title IX Coordinator or designee shall send, in electronic format or hard copy, the parties and their advisors a written investigative report that summarizes the relevant evidence. The parties shall have ten (10) days to respond to the report. Each party shall receive a copy of any other party’s response to the written investigative report, but neither may submit a further written response.

VI. Informal Resolution Option
With the consent of the University, parties may participate in an informal resolution option provided that a Formal Complaint was filed. As part of the informal resolution process, the University shall provide to the parties a written notice disclosing: the allegations, the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, the right of the parties to withdraw from the informal resolution process and resume the grievance process at any time prior to reaching agreement on a resolution, and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be
shared. The parties must give informed, voluntary, and written consent to participate in the informal resolution. As part of any informal resolution, the parties must agree that the Complainant has the right to know any disciplinary sanctions resulting from the informal resolution, including that those sanctions were enforced by the University and complied with by Respondent.

Where a Student Complainant alleges that an Employee engaged in Prohibited Conduct against the Student, the Title IX Coordinator or designee shall not allow either party to pursue informal resolutions. Informal resolution shall be overseen by the Title IX Coordinator or designee. During the pendency of any informal resolution process, the investigation and adjudication processes that would otherwise occur are stayed and all related deadlines are suspended, absent a contrary determination by the Title IX Coordinator or designee.

Either party has the right to withdraw from the informal resolution process at any time prior to agreeing to a resolution. In the event either party withdraws their consent, the parties shall continue to the investigation and adjudication phase.

Any agreement reached in informal resolution is subject to approval by the Title IX Coordinator or designee. An agreement reached pursuant to informal resolution, is a final determination as to the alleged Prohibited Conduct at issue unless the terms of the agreement expressly state otherwise. Statements made in the course of an informal resolution process may not be used against either party, should informal resolution fail and the investigation and adjudication process resume.

VII. Adjudication
The University shall adjudicate the Formal Complaint during a live hearing to provide an equal opportunity for the parties to present witness and other evidence. All parties, witnesses, or other participants may be physically present at the hearing or may appear virtually with the parties located in separate rooms. The University shall send written notice of the hearing no later than fourteen (14) days before the date of hearing.

There shall be one (1) Hearing Officer selected by the Title IX Coordinator who shall be responsible for administering the hearing, objectively evaluating all relevant evidence presented at the hearing, and determining what sanctions and remedial measures, if any, the University may take in the event a policy violation is found to have occurred. The Hearing Officer shall be free from conflicts of interest or bias for or against the parties. The Hearing Officer has discretion to interpret and apply these procedures in any manner that is not clearly unreasonable and is consistent with Title IX of the Education Amendments of 1972.

To promote a fair and expeditious hearing, the Hearing Officer will hold a pre-hearing conference with the parties and their advisors. The pre-hearing conference is intended to assure that the parties and their advisors understand the hearing process and allows for significant issues to be raised and potentially resolved in advance of the hearing, including any evidentiary or procedural matters and any claims by a party that the Title IX Coordinator, investigator, or Hearing Officer has an impermissible conflict of interest or bias.

The determinations of the Hearing Officer on all procedural and evidentiary matters are final and not subject to challenge, except as permitted by the appeal procedures specified below. The hearing shall be audio or video recorded by the University. No other person is permitted to record the hearing.

At the adjudicatory phase, as during the investigation, the University shall presume that the Respondent is not responsible for any Prohibited Conduct alleged in the Formal Complaint until the Hearing Officer has made a determination based on a preponderance of the evidence.

The parties are encouraged to select an advisor of the party’s choice to participate in the examination and cross-examination of the other party and witnesses. If a party does not have an advisor, the University shall provide an advisor of the University’s choice without a fee or charge to that party as further explained herein. Said advisor may be, but is not required to be, an attorney.

The Hearing Officer shall permit each party’s advisor to ask the other party and any witness the relevant questions and follow-up questions directly, orally, and in real time. The Hearing Officer has the sole discretion to determine whether the questions are relevant and must explain to the party’s advisor the decision to exclude an irrelevant question from cross-examination. The Hearing Officer shall exclude any examination or cross-examination that is not relevant.*

No party shall personally examine the other party or party’s witnesses. Failure to submit to cross-examination by any party or witness at the hearing shall result in the Hearing Officer disregarding any statement of that party or witness when adjudicating the Formal Complaint.

All parties, advisors, and any other persons present at a hearing are required to act professionally, maintain decorum, and abide by these procedures and any other rules specified by the Hearing Officer. The requirements of professionalism and decorum apply to all aspects of the hearing, including the manner in which questions are posed to parties and witnesses. Any party, advisor, or other person who materially disrupts the proceeding or violates applicable policies, procedures, and rules, may be barred from further participation and/or have their participation limited, as the case may be, by the Hearing Officer.

After the hearing is complete, the Hearing Officer will objectively evaluate all relevant evidence, including both inculpatory and exculpatory evidence, together with testimony and non-testimony evidence received at the hearing, and ensure that any credibility determinations made are not based on a person’s status as a Complainant, Respondent, or witness. The Hearing Officer will take care to exclude from consideration any evidence that was ruled inadmissible or otherwise barred from consideration by the Title IX Policy.
The Hearing Officer will resolve disputed facts using a preponderance of the evidence (i.e., “more likely than not”) standard and reach a determination regarding whether the facts that are supported by a preponderance of the evidence constitute one or more violations of the policy as alleged in the Formal Complaint.

In the event the Hearing Officer determines that the Respondent is responsible for violating the Title IX Policy, the Hearing Officer will, prior to issuing a written decision, consult with the appropriate University official with disciplinary authority over the Respondent and such official will determine any discipline to be imposed. In the case of a Respondent who is a resident faculty member, such consultation shall include consideration of whether to initiate disciplinary procedures as specified in the Statement on Academic Freedom, Responsibility, and Tenure (the “Blue Book”).

The Hearing Officer will also, prior to issuing a written decision, consult with the Title IX Coordinator who will determine whether and to what extent ongoing support measures or other remedies will be provided to the Complainant.

The Hearing Officer shall issue a written decision to each party that shall include:

- Findings of fact;
- Conclusions about whether prohibited conduct occurred;
- Rationales for responsibility as to each allegation;
- Any disciplinary sanctions imposed on the Respondent;
- Whether remedies will be provided to the Complainant; and
- Information regarding appeals.

*All questions and evidence about a Complainant’s prior sexual behavior are irrelevant unless such questions and evidence about the Complainant’s prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged, or if the questions and evidence concern specific incidents of the Complainant’s prior sexual behavior with respect to the Respondent and are offered to prove consent.

Each party shall have one (1) appeal from the Hearing Officer’s determinations and one (1) appeal from the University’s dismissal of a Formal Complaint or allegations therein. No party shall have more than one (1) appeal. The Appeal will be solely based on one or more of the following:

- Presence of a procedural irregularity that affected the outcome of the matter;
- There is newly discovered evidence that was not reasonably available at the time the determination or dismissal was made, that could affect the outcome of the matter; and/or
- The Title IX Coordinator, investigator, or Hearing Officer had a conflict of interest or bias, for or against complainants or respondents generally, or for or against the individual Complainant or individual Respondent, that affected the outcome of the matter.

There shall be one (1) Appeals Officer chosen by the Title IX Coordinator. Appeals shall be filed in writing to the Appeals Officer within five (5) business days of the Hearing Officer’s written determination or the Title IX Coordinator’s date of dismissal of the Formal Complaint or allegations therein. The appealing party should include any supporting documents with their appeal.

The Request for Appeal will be initially reviewed by the Appeals Officer to determine if the appeal was timely filed and appropriately invokes one or more of the permitted grounds for appeal. If the appeal is not timely or fails to invoke one or more of the permitted grounds for appeal, the appeal will be dismissed. If the appeal is accepted, the Appeals Officer shall be limited to reviewing the matter only on the basis of the permitted grounds for appeal that the appealing party invokes. The appeal is not a de novo review of the matter. The Appeals Officer shall provide every non-appealing party written notice of the appeal, with a copy of the appeal, and provide the non-appealing party five (5) business days to submit a written response. The Appeals Officer shall provide the appealing party a copy of any written response by a non-appealing party, but the appealing party may not submit any further written response. Thereafter, the Appeals Officer will review the parties’ submissions, the hearing record, as necessary, and decide the appeal. The Appeals Officer shall provide to the parties a written notice that explains the outcome of the appeal and rationale. The decision of the Appeals Officer constitutes a final determination of the matter and is not subject to further review by the University.

VIII. Remedies and Sanctions

If the Respondent is found responsible for Prohibited Conduct after the adjudicatory hearing, the University shall provide remedies to the Complainant. Such remedies may include discipline for the Respondent and shall be reasonably designed to maintain the Complainant’s equal access to education. To the full extent permitted by federal law, Complainant has the right to know any disciplinary sanctions the University imposes on Respondent in response to the Formal Complaint, including that those sanctions were enforced by the University and complied with by Respondent.

X. Advisors of Choice

From the point a Formal Complaint is made, and until an investigation, adjudication, and appeal are complete, the Complainant and Respondent will have the right to be accompanied by an advisor of their choice to all meetings, interviews, and hearings that are part of the investigation, adjudication, and appeal process. The advisor may be, but is not required to be, an attorney.
Except for the questioning of witnesses during the hearing, the advisor will play a passive role and is not permitted to communicate on behalf of a party, insist that communication flow through the advisor, or communicate with the University about the matter without the party being included in the communication. In the event a party’s advisor of choice engages in material violation of the parameters specified in these procedures, the University may preclude the advisor from further participation, in which case the party may select a new advisor of their choice. In the event a party is not able to secure an advisor to attend the hearing specified, and requests the University to provide an advisor, the University will provide the party an advisor, without fee or charge, who will conduct questioning on behalf of the party at the hearing. The University will have sole discretion to select the advisor it provides. The advisor the University provides may be, but is not required to be, an attorney. The University is not required to provide a party with an advisor in any circumstance except where the party does not have an advisor present at the hearing.

XI. Discretion in Application
The University retains discretion to interpret and apply these procedures in a manner that is not clearly unreasonable, even if the University’s interpretation or application differs from the interpretation of the parties. Despite the University’s reasonable efforts to anticipate all eventualities in drafting these procedures, it is possible that unanticipated or extraordinary circumstances may not be specifically or reasonably addressed by the express language, in which case the University retains discretion to respond to the unanticipated or extraordinary circumstance in a way that is not clearly unreasonable. These procedures are not contractual in nature. Accordingly, the University retains discretion to revise these procedures at any time, and for any reason. The University may apply revisions to an active case provided that doing so is not clearly unreasonable.

POLICY ON HARASSMENT

Policy Effective Date: August 9, 2005

Purpose
The University of Tulsa is committed to fostering a civil campus community. The University expects all participants in this community to support an employment, educational, co-curricular, social and living environment in which all participants are free from unlawful or otherwise inappropriate conduct on any basis, actual or perceived.

Indeed, the University expects of all such participants that they will treat each other respectfully and refrain from any inappropriate conduct, especially conduct that rises to the level of being prohibited under this policy. Such conduct is unacceptable behavior and will not be tolerated. The purpose of this policy is to protect participants from conduct which is unsolicited, unwelcome and inappropriate, in any form and by any means. This policy may not be used to infringe upon academic freedom, but will guide social and professional interactions.

All participants in the campus community must be aware of the need for freedom of inquiry and openness of discussion in the University’s educational and research programs, and must strive to create and maintain an atmosphere of intellectual seriousness and mutual tolerance in which these essential features of academic life can thrive. No university can or should guarantee that every idea expressed on its premises or through its media will be inoffensive to all; pursued seriously, campus residential life, participation in campus community, education and scholarship, at times entail raising questions about perceived opinions and conventional interpretations. The University of Tulsa does guarantee, however, that credible accusations of inappropriate conduct under this policy will be investigated promptly, thoroughly, and fairly.

Who is Covered
This policy applies to all full-time, part-time, and temporary faculty members, administrative/ professional and hourly employees, trustees, students, contract workers, business invitees, visitors and guests (collectively, the "Campus Community"), at all times and places in any connection with...
A. Definition of Prohibited Harassment

1. General - Conduct which is prohibited by this policy (herein referred to as "Prohibited Harassment") may be verbal, physical, or visual; it may be conduct related to favoritism, or based upon a person's legally protected status, or any actual or perceived status that motivates inappropriate conduct, such as inappropriate conduct based on color, age, disability, gender, gender identity, national or ethnic origin, race, religion, sexual orientation, veteran status, marital status or personal physical trait. Prohibited Harassment also may include inappropriate conduct harmful to an individual's reputation.

2. Verbal/Physical/Visual - Verbal Prohibited Harassment may occur in person, by telephone or other audio means. Physical Prohibited Harassment may be conduct such as assault, impeding or blocking movement or any physical interference with normal activities or movement. Visual forms of Prohibited Harassment may include notes, email, blogging or other electronic means, derogatory posters, cartoons, graffiti or drawings.

3. Reputation - Prohibited Harassment related to an individual's reputation may include any form of inappropriate conduct which is defamatory, demeaning, intimidating, threatening, or otherwise places an individual in fear of harm to his or her person or reputation on or off campus.

4. Sexual Harassment - Sexual harassment is defined by law and also constitutes Prohibited Harassment; generally under the law, it includes any unwanted or unsolicited sexual gesture, physical contact, or statement which, when viewed from the perspective of a reasonable person similarly situated, is offensive, threatening, humiliating, or interferes with a person's ability to perform his or her job, educational pursuit, or participation in campus life.

5. Sexual Favors - Conduct which constitutes Prohibited Harassment related to sexual favors includes unwanted sexual advances which condition terms of employment, academic opportunity, housing options or other benefit upon sexual favors.

6. Favoritism in General - Conduct related to favoritism on the basis of any of the above identified characteristics may constitute Prohibited Harassment where someone suffers harm, such as loss of job promotion or course work opportunity, due to the conduct. Prohibited Harassment may also include preferential treatment of one or more individuals, to the detriment of others.

7. Standard - For each of the foregoing examples, under this policy, the standard of determining whether Prohibited Harassment occurred shall be the perspective of a reasonable person similarly situated; these examples are meant to be illustrative and are not all inclusive. Conduct which constitutes Prohibited Harassment, under this policy may or may not also be unlawful. An occasional remark or act which may hurt feelings, or otherwise offend, will not necessarily rise to the level of Prohibited Harassment under the reasonable person standard.

B. Prohibited Acts

1. Effect of Conduct Assessment - For the purpose of this policy, Prohibited Harassment may take many forms - subtle and indirect, or blatant and overt. It may consist of repeated actions or may even arise from a single incident if sufficiently extreme. In assessing whether a particular act or acts constitute Prohibited Harassment under this policy, the standard shall be the perspective of a reasonable person similarly situated.
Prohibited Harassment includes any conduct or behavior of an inappropriate nature where:

a. Submission to or acceptance of such conduct is made, either explicitly or implicitly, a term or condition of an individual's employment or participation in a university-sponsored educational program, activity or in campus residency;

b. Submission to or rejection of such conduct by an individual is used as the basis for academic, housing or employment decisions;

c. Such conduct has the purpose or effect of unreasonably interfering with an individual's academic or work performance or of creating an intimidating, hostile or offensive working, educational or campus living environment;

2. Examples - Some examples of Prohibited Harassment include, but are not limited to:

a. unwelcome physical contact or intentional physical contact without consent;

b. physical assault, including date or acquaintance rape;

c. verbal or written comments or statements that are intimidating, threatening, demeaning, humiliating, sexually suggestive, insulting, vulgar, or lewd;

d. unwelcome visual contact that communicates a threatening or intimidating sexual message;

e. unwelcome request for sexual favors or acts, or other inappropriate requests;

f. requests for dates or a more personal relationship (whether sexual or not) by an individual who is, or is perceived to be, in a position of authority able to affect the campus status of the individual subject to the request;

g. inappropriate conversations of a sexual nature or similar jokes and stories, whether sexual or related to any actual or perceived status as set out at A.1 hereinabove;

h. continued expression of sexual interest after being informed that the interest is unwelcome;

i. the inappropriate use or display of materials such as posters, photos, cartoons or graffiti that are demeaning or offensive;

j. inappropriate comments, communicated by any means, that demean, intimidate, threaten or harm an individual's reputation;

k. telephone or other audio contact, letters, notes, blog or other postings, or electronic mail containing comments, words, or images as described above;

l. "bullying", "stalking", or activities which may constitute "hazing", as defined by Oklahoma and/or other state laws;

The facts and circumstances will be determinative of whether any of the above or other behaviors would violate this policy, under the reasonable person standard.

3. Relationships - Prohibited Harassment may occur within a variety of relationships, including classroom situations involving instruction, online chat rooms, departments (faculty or staff) or campus life. It may occur among peers. It may occur where no relationship exists between the parties other than being co-employees or co-students, or simply interaction for other reason. Especially injurious, however, is Prohibited Harassment in relationships characterized by an imbalance of power and authority. Typically, such relationships are found between:

a. employer and employee [usually supervisor and subordinate]

b. administrator and faculty

c. administrator and student

d. employee and student

e. senior and junior faculty

f. graduate assistant and undergraduate student

g. faculty and student [Examples are when the student is enrolled in a faculty member's class, or when the student is in a position to require continuing evaluation or work or letters of recommendations from faculty]

h. vendor representative and TU employee

C. Other Conduct Prohibited by the Policy on Harassment

1. Reprisals/Retaliation –

a. Against the Complainant: It is a violation of the Policy on Harassment to retaliate against a complainant for filing a charge of Prohibited Harassment. A complaint of retaliation will be pursued using the steps followed for a complaint of Prohibited Harassment.

b. Against the Accused/Respondent: Lodging a complaint of Prohibited Harassment does not constitute proof. A complaint shall not be taken into account during reappointment, tenure, promotion, merit, or other evaluation or review until a final determination has been made that the Policy on Harassment has been violated; however, a decision on such matters may be delayed, pending the resolution of an investigation.

c. Administrators and supervisors have the legal responsibility to protect a complainant or victim from continued Prohibited Harassment or retaliation and a person accused of Prohibited Harassment from potential damage by false allegations.

2. Knowingly False or Malicious Complaints -

a. To file a knowingly false or malicious complaint of Prohibited Harassment or of retaliation is a violation of the Policy on Harassment, under the reasonable person standard.

b. A complaint that a knowingly false or malicious complaint has been filed will be pursued using the
steps followed for a complaint of Prohibited Harassment.

c. A credible complaint under C.(2).b. shall not constitute prohibited retaliation.

D. Prompt Attention

Complaints of Prohibited Harassment, submitted in writing or orally, are taken seriously and will be dealt with promptly. Anonymous complaints of Prohibited Harassment will be taken seriously and may be investigated. Allegations of Prohibited Harassment shall be evaluated on the facts of the particular case and the context in which the alleged incident(s) occurred. The complainant has the responsibility of providing all known relevant evidence of the alleged Prohibited Harassment, including names of witnesses, dates, times, places and other pertinent information.

E. Confidentiality

Throughout the complaint and investigation process, every effort will be made to assure and provide confidentiality to the fullest extent reasonably possible to protect against retaliation. Subject to applicable law, communication will be limited to a minimum "need to know" basis, coupled with a directive not to discuss the matter outside the process. However, the investigation of such complaints will generally require disclosure to the accused party and other witnesses in order to gather pertinent facts.

F. Disciplinary Actions for Violations of the Policy on Harassment

Disciplinary actions for violations of the Policy on Harassment can include: oral and/or written reprimand, reassignment, suspension, counseling, demotion, termination, probation, dismissal or any combination thereof. Offenders may be disciplined under the appropriate governing code of conduct. Sanctions for Prohibited Harassment depend upon the circumstances in each case.

G. Statement on Consenting Relationships

1. Be Aware - The intent of the Policy on Harassment, with regard to consenting relationships, is to inform the Campus Community of the expectation that individuals will not engage in Prohibited Harassment, rather than to prevent personal and social relationships. However, it should be understood by all members of the Campus Community that sexual relationships, which occur in the context of educational/employment supervision and evaluation or their equivalent, are generally deemed unwise even when the parties consent, because of the underlying power imbalance in such relationships.

2. No Defense I - It is incumbent upon those with authority not to abuse or appear to abuse the power with which they have been entrusted. Should a charge of Prohibited Harassment be brought by a person in a subordinate position, "consent to the relationship" shall not be deemed a sufficient defense or justification for conduct which otherwise would be deemed Prohibited Harassment under the university's policy.

3. No Defense II - This concept of "consent" also extends to conduct among individuals engaged in non-sexual relationships, particularly where there is a power differential, such as faculty/student or supervisor/employee. Examples include inappropriate conduct or remarks by someone in a position of actual or perceived authority, at after-hours social gatherings, intimidating, or otherwise inappropriate conduct by a senior colleague to a junior colleague, etc.

H. Informational Sessions

The University of Tulsa will conduct informational sessions (either in person or online) on the Policy on Harassment for all new employees, including faculty. In addition, each employee will be required to take a "refresher" course (usually offered online) on at least a biannual basis. Students will have the opportunity to attend a Policy on Harassment training session during their orientation session and at other times during the academic year. Trustees will be advised of such informational sessions. These sessions will address strategies for preventing Prohibited Harassment in order to allow individuals to reach their full potential within their roles in the Campus Community. Individuals who attended a session under the predecessor sexual harassment policy (which is replaced by this Policy on Harassment) will be provided a copy of this policy and are expected to review it, ask questions or complete a session on this policy, in order to be fully informed.

I. Pursuit of Complaint Outside the University

This policy does not preclude anyone from pursuing a complaint, at any stage of the process, with any external agency or other entity (such as an incident occurring where a student is in an internship or field placement, a faculty member is visiting at another institution, etc.).

J. Responsibilities of Faculty, Administrators and Supervisors

(1.) Duty to Act - University faculty, administrators, and supervisors are responsible for fostering and maintaining a work place, educational and living environment that results in
a campus culture where Prohibited Harassment is not tolerated. Faculty, administrators and supervisors have a legal obligation to act whenever they learn--directly or indirectly--about the occurrence of Prohibited Harassment. Faculty, administrators and supervisors shall immediately notify the appropriate University officers (see below, Procedure A-4).

2. Failure to Act - Failure of faculty, administrators or supervisors to notify the appropriate University officer or the Office of Human Resources of allegations of Prohibited Harassment, or failure to take timely corrective action as advised, may be a violation of University policy and of the law. Faculty, administrators or supervisors who engage in such misconduct may be subject to appropriate disciplinary action, under this or other policies.

K. Record Keeping
The Office of the Provost, Office of Human Resources and the Office of Student Affairs will track reports of Prohibited Harassment for statistical purposes and report at least annually through the Office of Human Resources to the University President concerning their number, nature, and disposition.

Procedure
Investigations of Prohibited Harassment complaints will be formally administered by the appropriate University officer, or the Office of Human Resources. These offices shall have the final determination of discipline based primarily upon the investigations and recommendations derived from the outlined process; however, discipline shall be subject to the appropriate process as set out in documents identified hereinabove under "Who is Covered". Successor documents to those identified herein will replace the named documents, upon adoption; any process underway at the time of adoption of an amended (or successor) document will continue under the document in place at the time the process began, unless both complainant and the accused agree in writing to proceed under the new documents.

1. Reporting Option - An incident of perceived Prohibited Harassment may be reported to any University official or faculty member, including an individual's supervisor, department chair or dean, or the appropriate University officer, or the Office Human Resources.

2. After Hours Reporting - Individuals who need to report a perceived incident of Prohibited Harassment after regular business hours of the University should report the incident to the Campus Security Office. The Campus Security Office will take appropriate action regarding the report, at the time received, and will notify the appropriate administrative office at the beginning of the next business day.

3. Visitors - Perceived incidents of Prohibited Harassment involving visitors should be reported directly to the appropriate University officer or the Senior Administrator with appropriate oversight responsibility, or, if after regular business hours, to the Campus Security Office.

4. Appropriate University Officer - The University of Tulsa designates appropriate University officers to handle allegations of Prohibited Harassment. The offices and officers responsible for investigation of allegations of alleged Prohibited Harassment, depending on the specific circumstances are: the Chief Human Resources Officer of Human Resources and Risk Management or his/her designate (Office of Human Resources); Provost or his/her designate (Office of the Provost); Dean of Students or his/her designate (Office of Student Affairs), or persons holding the successor titles to these positions.

5. Other Than Appropriate University Officer - Individuals who witness possible Prohibited Harassment, or who receive a report of possible Prohibited Harassment, should immediately notify the appropriate University officer or the Office of Human Resources. Individuals should not take any action to investigate, or resolve the matter informally and must act only on direction from such office. After hours incidents should be reported to the Campus Security Office.

6. Referral to Other Entity - Complaints involving only individuals who do not come within the jurisdiction of an internal University complaint resolution procedure (e.g. complaints between guests on campus, etc.) may be referred to other entities for handling.

B. Complaint Process

1. Informal Complaint Process

a. In the event that an individual believes Prohibited Harassment has been or is occurring, he or she will be encouraged to communicate clearly, preferably in writing [keep a copy], to the alleged harasser and state that the conduct is not acceptable. The individual is also encouraged to maintain careful written records of the perceived Prohibited Harassment and to continue maintaining current records throughout the process.

i. The individual will be given an opportunity to meet with an appropriate University officer to discuss the Prohibited Harassment allegation. If an individual cannot decide whether to initiate a formal complaint or is reluctant to discuss the matter with the supervisor, he or she may seek the advice and counsel of an appropriate University officer who, with the individual's permission, may seek to resolve the issue informally through discussions with the supervisor and the accused.
ii. A signed, written complaint shall not be required to initiate the informal complaint process. If the individual does not wish to prepare a signed, written complaint, written documentation shall be prepared by an appropriate University officer or representative of the Office of Human Resources. Such written documentation shall include the nature of the complaint and the date(s) on which the alleged incident(s) occurred. The complaining individual shall be asked to read the written documentation prepared by the appropriate University officer to correct and acknowledge its accuracy; a written acknowledgement will be preferred and may be made in a separate document.

iii. Written documentation shall be prepared before any informal discussions are held with the supervisor and the accused. The accused shall be given an opportunity to read the written documentation, which may be edited by the appropriate University officer or Office of Human Resources to protect the anonymity of the complaining individual.

iv. The University will proceed on an informal complaint, even if the individual does not wish to do so, to either confirm the allegations or take appropriate action or to clear the name of the accused from a malicious or unwarranted complaint.

v. If the parties are unable to reach a mutually satisfactory agreement after meeting, the option of filing a formal complaint is still available.

(2). Formal Complaint Process -
   a. If an individual wishes to file a formal complaint, he/she must submit a signed written statement alleging Prohibited Harassment, to the appropriate University officer. Documentation should include the name of the complainant, the name of the accused, the nature of the complaint, date(s), witnesses, the name(s) of the person(s) who received the complaint, and any other information relevant to the case. If some of this information is not available, the reason(s) for unavailability, if known, should be documented.
   b. The appropriate University officer will investigate all formal Prohibited Harassment complaints according to the following procedures:

i. When a formal complaint is made naming the accused individual, that accused individual shall be informed as soon as possible and in accordance with the appropriate procedures governing the individual participants in the Campus Community. The accused will not be informed of the name of the accuser or the name of the alleged victim unless and until they each have consented. If the complainant does not consent to disclosure of his or her name, the investigation will proceed pursuant to the discretion of the appropriate University officer, in the best interests of preventing future Prohibited Harassment, whether against the complainant or others. In no event will a sanction be imposed without the accused having an opportunity to respond, in writing, to a formal complaint.

ii. The appropriate University officer (or the officer's designee) shall gather relevant evidence by interviewing the complainant, the victim (if not the complainant), the accused, and any witnesses determined to be appropriate.

iii. A copy of the complaint will be provided to the accused. The accused will be given an opportunity to respond to the complaint orally and in writing, and may provide evidence and/or witnesses.

iv. Investigations, and if appropriate, hearings shall be conducted in accordance with the appropriate governing document (See "Who Is Covered", first paragraph, hereinabove).

v. Once a determination has been made by the appropriate University officer, and, if appropriate, the Office of Human Resources both the complainant and the accused will be notified of any finding and action to be taken. Pursuant to FERPA (Family and Educational Rights to Privacy Act), disciplinary student records will remain confidential unless the affected student (complainant, accused, or witness) provides written consent to release of information.

vi. If either party disagrees with the determination made and/or the action taken, he/she may make an appeal in accordance with the appropriate governing university procedures. (See "Who is Covered", first paragraph, hereinabove). Appeals shall be limited to a review of the investigation, and the initial conclusion may be revised if appropriate; however, no new investigation will be brought about from an appeal.

CAMPUS SAFETY MEASURES, RISK REDUCTION, PREVENTION AND AWARENESS PROGRAMS

Access to Campus Facilities
Instructional and administrative facilities are open to the public year-round during business hours, but Campus Security is called upon to allow access to some campus facilities when they are closed to the public. TU does not authorize access without the approval of Campus Security as verified by a person with legitimate control of the facility.

Buildings and Grounds
The Physical Plant Department staff maintains the university buildings and grounds with a concern for safety and security. They inspect campus facilities regularly and respond to reports of potential safety and security hazards such as broken windows and locks. The physical plant staff makes sure the campus is well-lit, and additional lighting is installed as needed.

All campus buildings, grounds and properties are routinely inspected by Security Officers and Physical Plant employees to ensure that all lights are functioning.

Safety Awareness Programs
The Office of Student Affairs, the Department of Campus Security, Housing and Residence Life and other University organizations hold safety awareness programs on a wide range of topics, including personal safety awareness, rape prevention, and the prevention of burglary and vandalism before the beginning of each fall semester and upon request as available. These programs are designed to inform students and employees about campus security procedures and practices, encourage them to be responsible for their own security and the security of others, and inform them about the prevention of crimes. Information on safety and security is provided to students and employees at orientation, seminars, through the student newspaper, crime alert bulletins, and the campus television station. Please call 918-631-5555 for more information on these programs.

Alcohol and Drug Awareness
The abuse of, and dependency on, alcoholic beverages are issues of concern to the TU community as well as society at large. To this end, education becomes the responsibility of the entire campus community and includes an individual’s peers, and any organization sponsoring an event where alcoholic beverages are served. All students have access to on-line Drug & Alcohol Education Programs during their tenure at TU. More information is available at https://utulsa.edu/alcohol-and-drug-policy/#administration-of-alcohol-policy.

Crime Prevention Help
A Campus Security Officer is available to address departmental, group or other on-campus security information needs. This includes assistance in security planning and programming as well as risk or security analyses of specific facilities or operations. Our officers can be contacted at 918-631-5555.

SafeZone Application
SafeZone is a smart phone app that any student or staff member can download and use for free. This App will connect you directly to TU Campus Security should you need our assistance or emergency support while you are on campus. SafeZone uses the latest GPS technology to give you peace of mind wherever your experiential learning takes you. It’s free for all TU students, faculty, and staff. Inside the designated SafeZone areas, the app provides you with immediate access to TU Campus Security. To learn more about the SafeZone App please visit: https://utulsa.edu/campus-security/services/

Emergency Phones
Emergency phones are located indoors and are located in buildings around the campus and in elevators.
Safety Escort Service
Campus Security Officers provide a free safety escort service for persons who must travel around campus alone at night. This service also is extended to those persons with permanent or temporary disabilities. Please call 918-631-5555 to access the safety escort service.

Special Event Security
Campus Security is required at various university functions, athletic events and other special events. Individuals and groups that require officers for their events should complete an event security request form and submit it to Campus Security at least seven (7) business days in advance of their event.

Event Form: https://utulsa.edu/campus-security/services/

Monitoring Off-Campus Crime
The Department of Campus Security maintains liaison with federal, state and local law enforcement agencies who keep the university well informed of off-campus crimes, crime trends and situations that may impact the safety of the campus community.

Campus Security also works closely with the City of Tulsa Police Department in preventing crime in our surrounding neighborhood and, when necessary, making arrests and investigating crimes. There are no university-recognized non-campus locations of student organizations as of this publication.

General Safety and Security Tips
The Department of Campus Security recommends the following safety tips for all members of the TU campus community. For more information, please follow the link to our Housing Health and Safety page.

- Use the safety escort service when moving about campus at night.
- Keep resident hall and apartment doors locked at all times, even when occupied.
- Do not leave purses, wallets, credit cards or identification cards (including campus ID and driver’s license) or other personal possessions unattended in public areas.
- Place bicycles in racks and secure them with U-bolt or sturdy cables and locks.
- Record serial numbers, when available, and store them separately.
- Lock vehicles at all times and remove valuable items.
- Report any unusual activity, suspicious individuals or malfunctioning equipment to residence life staff and/or security.
- In the event of a weather alert, act responsibly and take cover as needed.
- Observe all campus rules and regulations.

Being an Effective Prosocial Bystander
Bystanders play a critical role in the prevention of sexual, gender-based and intimate partner violence. They are individuals who observe violence or witness the conditions that precipitate and perpetuate violence. They are not directly involved but can choose to intervene, speak up, or do something to help the situation. We want to promote a caring community where bystanders are actively engaged in the prevention of violence. We may not always know what to do even when we want to help. If you or someone else is in immediate danger, dial 911. Trust and follow your instincts when considering direct intervention or calling emergency services.

Below is a list of some ways to be an effective bystander.

- Be a prosocial bystander. If you observe someone who seems to be in distress, see if they need help. Ask them if they are ok. If they are incapacitated or ask for help, get them the aid they need.
- We all have barriers to intervening, but we have options, and can find the best way for us to get involved. Think through different ways to get others who might be helpful involved. Even a quick phone call to Campus Security can bring a positive resolution to an incident.
- You can safely confront individuals by getting your friends to help you get the person to safety, finding a friend of the individual to get them to safety, creating a distraction by asking them to accompany you to the bathroom or outside away from others so you can ask if they are okay.
- Call Campus Security when you observe someone trying to take advantage of an individual, cause a distraction to diffuse the situation, create a delay so that you have more time to get help. It can be as simple as asking for directions or asking for help to look for a lost item.
- If you become aware of someone making plans to incapacitate an individual or group of individuals, safely confront them or call the authorities.

If someone confides in you that they were the victim of sexual or gender-based harassment, sexual assault, sexual exploitation, stalking, intimate partner violence, or retaliation, encourage them to report the incident and refer them to the University of Tulsa resources and assistance listed in this document.

On Campus
- Whether alone or in a group, remain alert and aware of your surroundings while walking at night. If needed, contact the Office of Campus Security at 918-631-5555 to arrange for a safety escort.
• In parking lots, have your car keys out and ready for entry as you approach your car.
• Try to park in a well-lit area close to your destination after dark.
• Keep car doors locked and windows rolled up. Never leave valuables within view in your car.
• If you feel threatened or a situation seems suspicious, immediately go to an open building where there are other people or find one of the “blue light” emergency phones on campus.
• Never leave personal items unattended or unlocked.

At Home
• Keep apartment and residence hall room doors/windows locked, even when home. Take keys with you when you leave the residence.
• Do not let strangers in your residence and do not lend out your keys or leave them lying around.
• Don’t advertise your absence, especially on a voicemail greeting or social networking sites such as Facebook and Twitter.

In Social Situations
• When dating someone you don’t know well, ask people you trust about your date.
• Socialize in groups — not alone with one person.
• Drive yourself and carry extra money in case you need to get home alone.
• Follow your instincts if you feel uncomfortable or uneasy about a situation. You are allowed to leave situations if you feel uncomfortable. Your safety is more important than politeness.
• Remember that alcohol impairs both your decision-making processes and your ability to communicate.
• Keep all drinking glasses, bottles, or other open containers in sight at all times. When accepting a drink from someone else, make sure you are the one to open the container.
• Be aware that ice cubes could also contain harmful substances.
• If you drink, under no circumstances are you justified to drive. Call a friend, taxi, or car service (such as Uber or Lyft) to return home safely.

Social Networking Sites
• Don’t give out information simply because it is requested.
• Giving out birthdates, full names, addresses, phone numbers, Social Security numbers, bank or credit card account number other personal information can lead to identity theft and cyber stalking. Be mindful about posting your location.
• Protect your passwords.
• Take caution when posting photos of you or your friends online.
• Remember that online photos are easily archived, so once information is posted, removing photos may not permanently delete them from the web.

• Remain cautious when arranging personal meetings with new online acquaintances.
• Only post information you are comfortable with others seeing such as parents, potential employers and instructors.

Avoiding Identity Theft
• Only enter personal information on trusted sites.
• Immediately contact your credit card company about unfamiliar credit card charges.
• Research why your card was unexpectedly denied.
• Shred receipts, bills and other documents that might contain personal information.
• Review your credit card report on a routine basis.

In the event of suspected fraudulent activity, file a report with Campus Security and keep this report or its report number on file. Also, notify one of the three credit reporting agencies to enact a fraud alert. Finally, file a report with the Federal Trade Commission at 1-800-IDTHEFT.

• Don’t share passwords with anyone, even family or close friends.
• Don’t ignore calls from creditors about charges.
• Don’t reply to emails that request personal information. These messages are most likely the act of identity thieves.
• Don’t leave paperwork lying around that contains personal information.

Resources and Information on Prevention Training
In conjunction with this policy, the University website contains detailed information on Title IX, sexual misconduct prevention training as well as additional campus and community resources available to persons who have experienced sexual misconduct.

Sexual assault prevention programming is offered throughout the year by the Office of Violence Prevention, Advocacy Alliance, Campus Security, the Office of Student Affairs, the Counseling and Psychological Services Center, the Student Association, the Residence Life staff, and during orientation. All students and employees are encouraged to attend programs and become familiar with university policies, procedures, and services.

The University provides numerous educational means by which students can be informed about these issues. The entire university community must be alerted to and conscious of sexual violence and the impact such behavior has upon complainants and the university community at large.

Educational programs are an essential part of prevention.

Students new to the University are urged to participate in a program on sexual violence and bystander intervention while attending new student orientation.
The University provides resources and updated information for faculty, staff, students, visitors, and the community at large regarding safe and positive options for bystander intervention, training opportunities that are available, and information to promote risk reduction.

Student organizations are encouraged to collaborate with the Office of Violence Prevention to develop their own educational programs to be presented to their members. The university offers a broad range of consultants and presenters who will be prepared to assist organizations in the design and delivery of their programs. Students are referred to the Office of Violence Prevention for assistance in this area.

Advocacy Alliance
https://utulsa.edu/sexual-violence-prevention-education/advocacy-alliance
• Campus-wide committee that develops programming and training and assessment to educate the TU community on topics related to sexual violence and assault

Title IX and Harassment Training for all Employees
Every employee completes a mandatory Title IX and Harassment training annually, our University Title IX Policy is included in this training.

Americans with Disabilities Act (ADA) Training
Every employee completes a mandatory ADA training annually.

Mandatory Online Sexual Assault Training
All students participate in an online mandatory interpersonal violence training program during their first semester of their first and second years at TU with booster trainings occurring in the following years.

Orientation Programs
All students participating in orientation receive education on consent and behavioral expectations during a 40-minute workshop and subsequent discussion with their peer mentors. They are also made aware of on and off campus resources during this program.

Bringing in the Bystander offered to incoming students and specific groups with tailored scenarios upon request
This program is evidence-based and developed by researchers at the University of New Hampshire who specialize in sexual assault prevention. It is designed to engage prosocial, third-party bystanders to reduce instances of violence. This program is offered at various times during the year to any students wishing to participate. Resident Assistants and Orientation Leaders are trained in this program on a yearly basis.

In the Fall of 2020 the Office of Violence Prevention offered the Bringing in the Bystander programs to all incoming undergraduate students virtually via their First Year Experience Class. This program continues to be offered throughout the year and any student or employee groups who wish to sign up are encouraged to contact the Office of Violence Prevention at prevention@utulsa.edu, to receive more information. The Office of Violence Preventions works closely with student and employee leaders, athletics teams, fraternities and sororities, and The Student Alliance for Violence Education to ensure programming is useful and available to all campus members.

Safe Zone Program
The mission of this program is to provide a network of safe and supportive allies to the LGBTQ+ community. This program educates individuals on vernacular and terminology that is respectful and supportive of students with LGBTQ+ identities and gives trainees resources to educate themselves on respectful language as a part of the ongoing learning process.

Healthy Relationships and Consent Workshops
These workshops are provided during new student orientation, but can also be tailored to a discussion style format for students on campus who want more training at later times. The Office of Violence Prevention, listed below, works with student groups to decide what programming approach would be most helpful for them. These programs are designed to meet students where they are, to answer questions for them regarding red flags in relationships, how to foster effective communication, and what consent looks like in their respective relationships.

Reporting and Disclosure Training
This training focuses on attendees learning how to receive a disclosure of a sexual assault and also informs trainees what the reporting process looks like on our campus. Resources are outlined during training and attendees are encouraged to ask questions to foster discussion during this training. This training can also be tailored for students who want to focus on a particular area of material.

Campus Security Authority Training
Each of our Campus Security Authorities (CSAs) receive annual training regarding their CSA status and responsibilities.

Student Alliance for Violence Education
This student group was designed to raise awareness of
interpersonal violence by hosting events, creating social media presence and linking articles about sexual assault and other forms of interpersonal violence, providing resources to pages where students may go to read about and inform themselves of what the new research is and what is happening on larger scale around the U.S. and in the world.

The Clothesline Project
This annual event brings awareness to the number of victims and survivors, and the violence they have experienced. They display messages written by those individuals, and anyone affected by interpersonal violence, on a clothesline that is displayed at the University for a certain number of days. Resources are provided at the exhibit site, and there is always a member of the Advocacy Alliance there to answer questions.

Take Back the Night, Denim Day
This is an annual event that takes place in April, Sexual Assault Awareness Month, on campus where all campus members show support for survivors of violence by wearing denim and participating in an on campus march.

MISSING STUDENT POLICY

In compliance with the Missing Student Notification Policy and Procedures 20 USC 1092 C; (Section 488 of the Higher Education Opportunity Act of 2008), it is the policy of the Department of Housing and Residence Life to actively investigate any report of a missing student who is enrolled at TU as either a full- or part-time student. Each resident will be notified of the missing students’ policy and procedures in the event they are reported missing.

Each resident upon checking into their assigned room is requested via the Resident Student Check-In Card (RSCC) to identify the name and contact number of the individual(s) to be contacted in case of an emergency, including identifying a separate contact person (if desired) in the event the resident is reported missing for a period of no more than 24 hours, if the student has been determined missing by the Office of Campus Security or local law enforcement. For any resident under the age of 18, and not an emancipated individual, the institution is required to notify a custodial parent or guardian no later than 24 hours after the time the resident is determined to be missing by the Office of Campus Security and university staff. Emergency contact information will be kept confidential and accessible only to authorized campus officials and will not be disclosed, except to law enforcement to further the missing person investigation.

If a member of the TU community has reason to believe that any student is missing, all efforts will be made immediately (no waiting period) to locate the student to determine his or her state of health and wellbeing. These efforts include, but are not limited to: checking the resident’s room, class schedule, friends, ID card access, contacting the Office of Campus Security, locating the resident’s vehicle and calling cell phone numbers.

If upon investigation by the Office of Campus Security and Housing and Residence Life staff the resident is determined missing for at least 24 hours, the Dean of Students will contact the resident’s designated emergency contact or custodial
parent or legal guardian. This action is justified if the student is under the age of 18 or has failed to designate an emergency contact. Any missing student report must be referred immediately to TU’s Office of Campus Security. The Office of Campus Security will continue to investigate in collaboration with staff from Student Affairs and Housing and Residence Life. Campus Security will also coordinate its efforts with outside law enforcement agencies in full compliance with legal obligations and good faith practice. Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, Campus Security will notify local law enforcement within 24 hours of the determination that the student is missing, unless local law enforcement was the entity that made the determination that the student is missing.

When a University student is thought to be missing from the campus, campus officials (Dean of Students, Campus Security) should be promptly notified. All potential missing student reports will be referred to local police for investigation. A person also may be suspected of being missing if an inquiry about that individual comes to the attention of a university official or campus security authority from a parent, legal guardian, law enforcement agency or staff member who has been unable to contact the student or verify the student’s presence on campus by email or phone call.

**Reporting a Missing Student**

To report a suspected missing student, **immediately** contact Campus Security, 918-631-5555, located in Mabee Gym 3115 E. 8th St., Tulsa OK. Campus Security will contact the offices of Student Affairs, Housing and Residence Life Staff and Tulsa Police to coordinate the search effort.

All students and university employees must obtain an official identification card from Parking and Card Services. The TU One Card must be carried at all times when on campus and presented to university officials upon request. Anyone who fails or refuses to show their card may be asked to leave the campus. While this requirement may seem restrictive, it is designed to serve the needs of all members of the campus community.

TU One Cards are required for admission to the University libraries, computer labs, fitness center and residence halls, for access to many campus activities, and for check cashing identification at the business office.

TU One Cards can also be used as a cash card on campus for purchase of food and other items, and some off-campus locations.

The abuse of, and dependency on, alcoholic beverages are issues of concern to the TU community as well as society at large. To this end, education becomes the responsibility of the entire campus community and includes an individual’s peers, and any organization sponsoring an event where alcoholic beverages are served. In addition, any sponsoring organization that intends to conduct events where alcoholic beverages will be consumed will be required to register the event in advance and:

1. All executive officers of any/each organization must attend the following prior to registering an event:
   a. Alcohol awareness training
   b. Bringing in the Bystander training
   c. Plan and conduct a University-approved alcohol education seminar for its entire membership once a year. Failure to comply with this policy will result in an organization being unable to hold approved alcohol events.
   d. Additionally, a range of other educational programs are provided by various departments and organizations throughout the academic year.

2. All freshman students will take an online Drug & Alcohol Education Program either prior to/or during Orientation or during a Freshman Year Experience class.
3. All students who violate the Drug & Alcohol Policy at the University of Tulsa will be subject to sanctions that may include viewing the on-line education program “Not Anymore- Alcohol and Other Drugs” as directed by The Office of Student Affairs.

Employees and students are made aware of the Alcohol and Drug Policy via email and upon their arrival as a student or employee of the University.

Campus Security Officers are authorized to turn over anyone violating federal, state or local laws to authorities and/or refer them to the Offices of Student Affairs, Provost or Human Resources for violations of the Alcohol and Drug Policy, including underage drinking. The full policy can be accessed at: https://utulsa.edu/alcohol-and-drug-policy/#drug%20policy/#free-schools-and-communities-act-policy

CRIME AND FIRE LOG INFORMATION

DEFINITIONS OF REPORTABLE CRIMES & DISCLOSURE OF CRIME STATISTICS

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) is a federal law requiring all institutions of higher education receiving federal financial assistance under the programs authorized under Title IV of the Higher Education Act of 1965 to disclose certain timely and annual information about campus crime and security policies. This report is distributed to all students and employees as well as prospective students and employees. It can be viewed on the TU Campus Security website at: https://utulsa.edu/safe.

Upon request, a paper copy of this report can be made available by contacting the Office of Campus Security or the Office of Student Affairs at The University of Tulsa at 800 S. Tucker Drive, Tulsa, OK 74104 or 918-631-2000.

The Clery Act requires Campus Security to publish a Daily Crime and Fire Log that reports all crimes and incidents
Definitions of Reported Crimes

The following definitions are crimes that Federal Law requires institutions to report:

**Murder and Non-negligent Manslaughter:** The willful (non-negligent) killing of one human being by another.

**Manslaughter by Negligence:** The killing of another person through gross negligence.

**Robbery:** The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

**Aggravated Assault:** An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

**Burglary:** The unlawful entry of a structure to commit a felony or a theft.

**Motor Vehicle Theft:** Theft or attempted theft of a motor vehicle.

**Sexual Assault Offenses:** Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent. The Clery Act requires reporting for the following Sexual Assault Offenses:

a) **Rape** is the penetration, no matter how slight, of the vagina or anus, with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This offense includes the rape of both males and females.

b) **Fondling** is the touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

d) **Statutory Rape** is sexual intercourse with a person who is under the statutory age of consent.

**Domestic Violence:** A felony or misdemeanor crime of violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

**Hate Crimes:** A criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim. For Clery Act purposes, Hate Crimes include any of the following offenses that are motivated by bias: Murder and Non-negligent Manslaughter; Sexual Assault; Robbery; Aggravated Assault; Burglary;
Motor Vehicle Theft; Arson; Larceny-Theft; Simple Assault; Intimidation; and Destruction/Damage/Vandalism of Property. The Clery Act requires hate crime reporting for the following biases: Race; Religion; Sexual Orientation; Gender; Gender Identity; Ethnicity; National Origin; and Disability.

The City of Tulsa Fire Marshal is actively involved in the planning, review and inspection process of every new and remodeled project located on TU-owned or controlled properties. Members from the Department of Physical Plant cooperate with the Fire Marshal on a routine basis to conduct inspections of every existing facility TU owns or controls. Campus Security is committed to report and eliminate any potential fire hazards and ensuring the fire and life safety systems located in all campus buildings are functioning properly. The fire safety plans will be review and revised annually.

The Tulsa Fire Department is responsible for responding to any fires on campuses and determining their cause and origin. The University recognizes the importance of Fire Safety to promote a safe living and work environment for the TU community. The University has developed multiple fire safety policies to ensure this standard is met. Additional information on fire safety policies, guidelines, and other fire safety information can be found on TU’s Department of Campus Security website.

Mandatory Fire Drills
Each year, the University Residence Life staff conducts mandatory fire drills and provides fire safety training to residents and residential staff twice a year in an effort to familiarize the campus community with critical procedures.

Evacuation Procedures in an Emergency
If the fire alarm sounds, all occupants in residence halls must meet at the emergency evacuation safe location designated by resident assistants. In the case of an actual fire or other life-threatening situation, residents will be moved to a designated area or shelter until they are notified that it is safe to return to the building.

What to do in the event of an alarm
• Move quickly to the exit in your area and remain calm. Proceed to the designated waiting area for additional instructions in an orderly fashion.
• Wear appropriate clothing and carry a towel or blanket in case of smoke. Don’t forget keys and your ID.
• If not occupying your room when the alarm sounds, continue to the nearest exit without returning to your room.
• Always use stairways — never use elevators.

Fire Prevention Rules
• Fireworks or explosives are prohibited.
• Candles are prohibited along with open flame devices such as lanterns, potpourri pots or warmers that use votive or canned fuel.
• All appliances must be approved by housing.
• Smoking in the residence halls is prohibited.
• Incense burning is prohibited.

Combustibles
The combustibles used in room decorating, including fabrics, cardboard and other materials, must be flame proof. Please purchase only UL- or FM-approved material that is labeled flame proof or flame retardant.

Fire Reporting
Per federal law, The University of Tulsa is required to annually disclose statistical data on all fires that occur in on-campus housing facilities. In the event of an actual fire, you should immediately call 911. To report fires that have already been extinguished, or if you find evidence of such a fire in an on-campus student housing facility, contact the Department of Campus Security at 918-631-5555. It is critical to document all reports of residential fires in the annual report.
The Annual on-campus Housing Fire Safety Report is required by the Higher Education Opportunity Act (HEOA) for any Title IV institution that maintains an on-campus student housing facility. Per HEOA, an institution that maintains an on-campus student housing facility must collect fire statistics, publish an Annual Fire Safety Report and keep a fire log. The Annual Fire Safety Report will be published and distributed with the Annual Crime and Fire Safety Report by December 31st, 2020. TU provides notice of the availability of the report to all prospective students and employees. The Annual Fire Safety and Security Report can also be viewed and printed by visiting the University's website.
